

REDUCE

- A** Proper waste segregation
- B** Reusable sharps container
- C** Fluid waste management
- D** Energy expenditure
- E** LED surgical lamps
- F** Greener equipment packaging
- G** Reusable hard case
- H** Just-in-time model to reduce overage

REUSE

- I** Reprocessing of single-use devices
- J** Reusable surgical linens

RECYCLE

- K** Recycle clean plastic and paper

RETHINK

- L** Anaesthetic gas reclamation

RESEARCH

Life cycle analyses of materials, cost comparison of technologies and development of "green" devices
